## WHY BUYERS WORK WITH OPERVO

### **Responsive Quotation Support**

We review requirements and respond with practical supply options based on the information available.

### **Supply Continuity**

We can support regular purchasing or provide an additional source when an existing supplier cannot fulfil a requirement.

### **Suitable Alternatives**

Where an exact item is unavailable, we can identify suitable alternatives subject to specification and buyer approval.

### **Clear Commercial Purchasing**

Pack sizes, quantities, and specifications are confirmed before supply.

### **Direct Human Support**

Buyers can speak directly with Opervo when requirements need clarification.

## A CLEAR, QUOTE-LED SUPPLY PROCESS

### STEP 1

#### **Share your requirement:**

Tell us the supplies, quantities and specifications you require.

### STEP 2

#### **We review and clarify:**

We assess the information, check available supply options and clarify any missing details.

### STEP 3

#### **Receive your quotation:**

We provide the available product, packaging, quantity and pricing information for your review.

## What to provide

Product category, quantity, pack size, specification and any preferred brand or suitable equivalent. Include the delivery location and required timeframe where relevant.

Supply proceeds only after the quotation and applicable terms have been confirmed.

# THANK YOU

## LET'S DISCUSS YOUR SUPPLY REQUIREMENTS

Thank you for considering Opervo Supply. For regular purchasing, suitable alternatives or responsive second-source support, speak with us about your cleaning, hygiene, janitorial, PPE and workplace supply requirements.
